NOTICE OF PROPOSED RULE MAKING

Adopted: September 27, 2000;

Released: October 11, 2000

Comment Date: December 1, 2000

Reply Comment Date: December 18, 2000

By the Chief, Allocations Branch:

1. Before the Commission for consideration is a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule Making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We

request comments and/or counterproposals to the following proposals:

A. MM Docket No. 00-194; RM-9972

Petitioner: David C. Schaburg

3105 S. MLK, #169
Lansing, Michigan 48910-2939

Proposal: Allot Channel 234A at Paradise, Michigan, as the community's first local aural transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Paradise, Michigan	--	234A

Coordinates: 46-37-42 NL and 85-02-18 WL

Additional Information: This allotment is at city reference coordinates and does not require a site restriction. Since Paradise is located within 320 kilometers (199 miles) of the U.S.-Canadian border, concurrence of the Canadian government has been requested. Because Paradise is neither incorporated nor listed in the U.S. Census, the proponent must demonstrate its community status. This may be proven by the testimony of local residents or by objective or subjective evidence indicating the existence of a community. See Beacon Broadcasting, 2 FCC Rcd 3469 (1987); aff'd, 2 FCC Rcd 7562 (1987). Some examples of objective indications of community status include the existence of political, social, economic, commercial, cultural, or religious organizations and services in the community. See Kenansville, Florida, 5 FCC Rcd 2663 (Policy and Rules Div. 1990), aff'd, 10 FCC Rcd 9831 (1995). Petitioner is requested to provide additional information regarding the attributes of Paradise, Michigan, consistent with the above guidelines.

² In support of its proposal, petitioner states that Lynchburg is an incorporated community with a population of 4,721 persons (1990 U.S. Census). It notes that Lynchburg is the county seat of Moore County, Tennessee.

Coordinates: 35-16-54 NL and 86-22-24 WL

Additional Information: This allotment is at city reference coordinates and does not require a site restriction.

D. MM Docket No. 00-197; RM-9975

Petitioner: Quevalle Communications

c/o Michael Celenza
41 Kathleen Crescent

Additional Information: This allotment requires a site restriction of 11.7 kilometers (7.3 miles) northwest of city reference coordinates. Since Rincon is located within 320 kilometers (199 miles) of the U.S.-Mexican border, concurrence of the Mexican government has been requested. Because Rincon is not listed in the U.S. Census and is not incorporated, the proponent must demonstrate its community status. In this light, petitioner is requested to provide additional information regarding the attributes of Rincon, Texas, consistent with the guidelines set forth for the community of Paradise, Michigan, supra.

The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is

required in paragraph 2 of the Appendix before a channel will be allotted.

5. See Certification that Section 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules. 46 FR 11549 (February 9, 1981).

6. For further information concerning a proceeding listed above, contact the FCC contact listed for that proceeding. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision in the applicable docket is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in particular docket unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.

2. Showings Required. Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

(b) With respect to petitions for rule making which conflict with the proposals in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached.
